The Secretary advised that Lawrence County has begun the process of updating their Comprehensive Plan. The County is seeking public feedback about what priorities should be considered for future growth. Residents can find the survey at CrossroadsLawrence.com. The link has also been posted on the Township's website and paper copies are on the Township bulletin board.

Attendees were informed that PennDOT is accepting feedback on its construction and maintenance services through an online survey available now through October 20th. A link to the survey has been shared on the Township's website or residents may go to penndot.gov to complete the 17-question survey.

It appears that PennDOT will finally update signage at the SR 388/SR 108 intersection according to PA One Call tickets that were received yesterday. The exact scope of the project is unknown, as PennDOT has not communicated with the Township about any proposed work in the area. PennDOT's initial promise to upgrade all signage at the intersection was in January 2020 based on the Township's request for a traffic study in 2019.

Supervisor Hall made the motion to adjourn the meeting at 7:16 P.M. Motion seconded by Supervisor Brown. All in favor. Motion carried.
